# PANTHER CLINIC

## School-Based Healthcare for the Belgrade Community

### AN ACCESSIBLE, EXPERT RESOURCE

Having healthcare providers on-site at school brings peace of mind. When a child feels sick or experiences a minor injury they're able to visit us to get the care they need.

### A CONVENIENT, AFFORDABLE OPTION FOR FAMILIES

We serve parents, families and district staff in addition to students. We accept all insurances, including Medicaid and offer sliding scale for uninsured or underinsured people.

### SCHEDULING WITH THE PANTHER CLINIC

To schedule, call the clinic directly at 406.924.2478. We are open Mondays, Thursdays, and Fridays from 7:30AM-4:30PM.

## ABOUT PANTHER CLINIC

Students in elementary school, middle school and high school can visit a primary care provider or counselor during school hours, so parents don't have to take time off work to pick up their kids and take them to a provider.

Students can get their **required immunizations, sports physicals, regular check-ups, or see a regular counselor (LCSW)** at the Panther Clinic without having to leave the campus.
